ITT Update

There has been a very positive response to our ITT recruitment, with trainees already enrolled to start in September 2020.

The demand for quality teachers remains strong and so we still need your help to promote training places for any interested parties in your school, including employees, volunteers and parents, who might be keen to know more about Training to Teach.

Our next ITT recruitment events will take place on:

Tuesday 3rd March 3.30-6.30pm

at Gosberton Academy

Tuesday 17th March 4.30-7pm

at Boston Pioneers Academy

Thank you to all schools who are currently hosting our ITT students on a 1st or 2nd placement, your support is invaluable.

If you have the capacity to host during the next academic year, please contact us on 01205 312153 or enquiries@connect-tsa.net

Geography and History Training coming in March to support your curriculum. More info soon!

Join our SLE team

Recruitment opportunities for talented teachers and leaders in schools. The window for SLE applications will open on 23rd March 2020. Application details and information will follow through Connect Communications. Email to find out more about the role or for an application form.

British Science Week 2020

6th—15th March 2020

This year's science week is themed around 'Our diverse planet'

Activity packs are available to [download here](#).

Connect Teaching Alliance is delighted to be involved the **Peer Improvement Pathway** pilot launched in October 2019. The aims are to connect schools with one another, to create a collective responsibility for outcomes across a group of schools with peer accountability and to share expertise. It is intended that the model can effectively be replicated within schools to drive improvement. **With five alliance schools involved** we have now enjoyed two cluster meetings and collaborated on aspects of the various projects being implemented in the different schools. Participant feedback for the whole pilot is extremely positive with a Connect participant stating **'Really useful. It is great to be able to meet with others and discuss our Implementation Plan models'**.
